Smart

- A single natural language input field lets you quickly search, add, edit, and interact with your contacts
- Works with all of your existing contacts
- Interact with phone numbers and email addresses not in your contacts list

Convenient

- Quick-access menu bar app
- Quick action buttons let you quickly select an action
- The dashboard shows upcoming birthdays and recent contacts

Flexible

- Detach the menu bar window
- Light or dark theme
- Quickly toggle between groups and servers

An Introduction to High Sierra
